Vakrangee Softwares is empanelled in the highest category of UID enrolments agency

Vakrangee Softwares Ltd has crossed a benchmark of generation of 1 crore Aadhaar numbers across the country as on 23 March 2012 under UID (Unique Identification) enrolment project.

The company is empanelled in the highest category of UID enrolments agency i.e. T2F4 for PAN India allowing for enrolments anywhere in the country. T2F4 is a category for enrolment agency assigned by UIDAI on certain predetermined financial and technical parameters.

In the early afternoon, Vakrangee Softwares was trading at around Rs527.90 per share on the Bombay Stock Exchange, 0.40% down from the previous close.
